## PROPOSALS

We have been working on exciting proposals for new facilities at our New Bedford Road campus and residential development at the Enterprise Way campus.

We are proposing to develop two new college buildings to provide an inspiring space and modern facilities for our New Bedford Road campus, enhancing the learning environment for students and the local community.

A modern college will contribute directly to skills and economic development in Luton. Funding for the new buildings will be enabled in part by the sale of the Enterprise Way campus. It is proposed to develop this area for new high quality family homes in keeping with the local area.

## COME ALONG TO OUR DROP IN EVENTS ON:

31st January 2022 4pm-8pm  
New Bedford Road Campus -  
Barnfield College, New Bedford Road,
